

# A Brief Survey....

Which of **YOUR CONSTITUENTS** will be impacted by not increasing rates for Health Home Care Management? *Check all that apply:*

- |   |  |
|---|--|
| <input type="checkbox"/> Adults and Children <b>living with HIV/AIDS</b>                            | <input type="checkbox"/> <b>Medically Fragile</b> Children                                       |
| <input type="checkbox"/> Adults with <b>Serious Mental Illness (SMI)</b>                            | <input type="checkbox"/> Adults and Children with <b>Intellectual/Developmental Disabilities</b> |
| <input type="checkbox"/> Persons with <b>Alcohol and Substance Use Disorder</b>                     | <input type="checkbox"/> Adults and Children with <b>Physical Disabilities</b>                   |
| <input type="checkbox"/> Children with <b>Complex Trauma or Serious Emotional Disturbance (SED)</b> |  |

**All of the Above!**

The **ONLY** Correct Answer:

Please add a **15% rate enhancement** for Health Home Care Management!

Health Home Care Management has not received any increase in funding since Governor Hochul took office. We need your support to meet inflationary costs of operating the program and to recruit and retain care managers. Care managers are the backbone of our system, without their commitment and dedication, our system will be dismantled. We urge you to invest 15%, which is based on the unfunded inflationary costs during the past three years, in Health Home Care Management Rates.

**The Health Home Care Management population represents the highest risk, high need Medicaid members.**

- 77% of those enrolled are BIPOC
- 69% have a mental health diagnosis
- 55% of those in the "medium" acuity are HARP enrolled/eligible with significant behavioral health needs
- 7% are living with HIV/AIDS
- 11% have been homeless in the last 6 months
- 16% have a substance use disorder diagnosis

**WHAT'S AT STAKE**  
without **RATE INCREASES**

**ACCESS to Support.**

**Increase in Job VACANCIES  
and Turnover Rates.**

**ER Visits & In-Patient  
Stays will INCREASE.**

**INVEST IN HEALTH HOME CARE MANAGEMENT OPERATIONS AND WORKFORCE BY INCLUDING A 15% RATE ENHANCEMENT IN THE ENACTED SFY 2025-26 FINAL BUDGET**
